

**INTERNATIONAL
PIPELINE
CONGRESS**

2024 MÉXICO

ENSURING SAFETY AND OPERATIONAL CONTINUITY

We are pleased to announce the 2024 International Pipeline Congress, scheduled to take place from May 29th to 31st in Villahermosa, Tabasco, Mexico. This pivotal event aims to present innovative solutions supporting operations in the pipelines and hydrocarbon transportation industry. It aspires to bring together international experts, facilitating discussions on strategies that enhance safety and operational continuity within the sector. Join us in contributing to the advancement of this community, dedicated to excellence and innovation.
